www.penblanks.ca

NEW! Mix and Match Pricing

You can now mix and match different kits and platings to get our volume price discounts. Price breaks will be automatically calculated in your shopping basket at the following volumes:
5-9, 10-24, 25-49 and 50+.

Available for the following groups of products:

Acrylics and Invisavue pen blanks: mix and match the different colours and styles in these two categories

Bottle stopper kits: mix and match the different styles and platings

Project kits: mix and match different kits (key chains, letter openers etc) and platings

Streamline, Slimline, Easy Grip and 7 mm Round Top European pen kits: mix and match any of these platings or styles to get the volume discount pricing. Does not include any other pen kits. For example, if you buy 1 Slimline, 5 Easy Grips and 1 Baron, you will get the 5+ price on the Slimline and the Easy Grips, but not on the Baron.

All other pen kits: mix and match any styles and platings to get the volume discounts on all other pen kits. Does not include Streamline, Slimline, Easy Grip and 7 mm Round Top European pen kits. For example, if you buy 4 Baron rollerballs, 1 Sedona and 1 Streamline, you will get the 5+ price on the Baron and Sedona kits, but not on the Streamline.

Mix and match pricing is only available for products within those particular groups.

You may not mix and match between groups (eg. acrylic blanks and bottle stopper kits) to get a discount.

Clearance items are not included in mix and match pricing.

PEN AND PENCIL KITS	1	5 to 9	10 to 24	25 to 49	50 +
